Eva,

Thanks, I also enjoyed the meeting and meeting everyone. I am interested in working with all of you and was wondering when you will be doing the Community Interviews you have scheduled. If you haven't already done the interviews, I would like to join you, or ask that you share the results with me.

I talked with a number of people at the meeting and think I have a very good understanding of the Community Issues.

At this point in time I haven't been informed by our management about the Lead on the Wilcox Site. Regardless of the decision, I would still like to work closely with you, so we both stay informed on the progress and decisions made in regard to the Wilcox Site.

I always say I can't wait till fall and winter, because our summers are too hot. But this year has really been a cold one, and you're right, I'm having a hard time staying warm!

Thanks,  
Bill

Hi Bill!

It was very nice meeting you last Thursday at the public meeting. I'm looking forward to working with you on community involvement in the near future! Hope you are staying warm in this wintry weather.
